Lo

HELP YOUR CHILD OVERCOME THEIR LEARNING STRUGGLES NOW

*"You don't have to pay a fortune to help your struggling child,
and you can stop trying to piece together a program from
random YouTube videos."*

How Retained Primitive Reflexes affect your child?

Tonic Labyrinthine Reflex (TLR)

Lack of concentration,
difficulty sitting upright,
and motion sickness

Fear Paralysis Reflex

Withdrawn, shyness,
tantrums, anxiety

Asymmetrical Tonic Neck Reflex (ATNR)

Easily distracted, poor
coordination, messy
handwriting, poor memory,
possible obsessive behavior

Spinal Galant Reflex

Trouble sitting still,
poor bladder control,
(bedwetting after age 5)

Palmar Reflex

Jumbling up letters,
poor writing expression
and spelling

Symmetrical Tonic Neck Reflex (STNR)

Walking on toes, poor
posture and coordination,
slouches at desk

Moro Reflex

Over-reactive and
over-sensitive
(Common in ADHD)

Juvenile Suck and Rooting Reflex

Speech, articulation and
dental problems

PREMIUM AT-HOME PROGRAMS

PRIMITIVE REFLEX FIX

COMPLETE AT-HOME TRAINING VIDEO PROGRAM

Primitive Reflex Fix is the program that has everything you need. The step-by-step videos will show you exactly how to test your child for Retained Primitive Reflexes and provides a complete exercise program to integrate them.

Plus...

We have included the Brain Hemisphere Integration Training Program as well as a program so your child can have their best success in school.

also includes... both complete ebook workbooks as PDF download guides.

PRIMITIVE
REFLEX FIX
THE TRUTH BEHIND THE STRUGGLES

BRAIN HEMISPHERE INTEGRATION TRAINING EBOOK/WORKBOOK

Delivered as a Digital Download

Brain Hemisphere Integration is the follow up program to Primitive Reflex Integration. It is important we help our kids develop the weak hemisphere of their brain so it does not translate into struggling academically, or socially. A well balanced brain means a happy balanced life for your child.

WHAT PEOPLE ARE SAYING...

Many thanks for putting together your manuals...

"Congrats and many thanks for putting together your manuals. I have been a practicing chiropractor for 27 years

now and am a long time student of the Carrick Institute and Dr. Melillo (author of Disconnected Kids). Along with over a 1,000 hours in the Carrick neuroscience courses and having completed Dr. Melillo's courses in child learning behavioral disorders, I finally found someone who took the time to put this stuff together in a clinical progression method (you!). I saw your videos while searching for primitive reflex remediation exercises. I do not treat many kids and it is usually existing patients that ask me to evaluate and treat their children. Keep up the good work. Thanks,"
Tim, D.C

"Integrating my son's Fear Paralysis reflex has made him a whole new person...thanks!"

"This program should be mandatory in elementary school...this is how we make sure there is 'no child left behind'...I love your program."

"Thank you so much for your video program, it is so helpful to see how the tests and exercises are supposed to be done. I am confident I can do this now."
